

Vanda Pharmaceuticals is dedicated to raising awareness of Non-24-Hour Sleep-Wake Disorder (Non-24) and supporting the blindness community.

Non-24 is a rare circadian rhythm disorder affecting up to 70% of people who are totally blind. People living with Non-24 experience excessive daytime sleepiness and nighttime sleeplessness, which leads to impaired social and occupational functioning. This is due to the misalignment between the internal master body clock and the 24-hour day.
